DETAILED ACTION

Acknowledgements

1. This action is in reply to the Amendment After Final filed on April 16, 2009.
2. Claims 1-2 and 4-11 are currently pending and have been examined.

Reasons for Allowance

3. Regarding the claimed terms, Examiner notes that a "general term must be understood in the context in which the inventor presents it." In re Glaug, 283 F.3d 1335, 1340, 62 USPQ2d 1151, 1154 (Fed. Cir. 2002). Therefore, Examiner must interpret the claimed terms as found on pages 1-21 of the specification. Clearly almost all the general terms in the claims may have multiple meanings. So where a claim term "is susceptible to various meanings... the inventor's lexicography must prevail." Id. An exception to this rule is where "means for" language is used. Using these definitions for the claims, the claimed invention was not reasonably found in the prior art.
4. The closest prior art of record is "Selling Livestock" (Arlene Weintraub, "Selling Livestock at New On-Line Stockyards", Aug 24, 1998, New York Times, p 1-3).
5. The prior art of record does not disclose "verifying the supply profile by a veterinarian" (see claims 1 and 5).
6. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
